Professionals at work for you...

CONNECTING YOU WITH THE PROFESSIONALS YOU DESIRE

With over ten years of experience in the Quad Cities, Chicago, and Northern Illinois area, Top-Notch Productions, INC is your top choice when investing in quality, professionalism, and dedication to perfection for your event, no matter what the occasion. We know there are many options out there for disc jockeys, photographers, and videographers; however, we believe that with Top-Notch Productions, INC you are not just another event, but rather you are an opportunity for us to obtain perfection yet again.

What sets Top-Notch Productions, INC apart from all the rest is our commitment to you. Once you make the choice to ensure a worthy investment with Top-Notch Productions, INC, we will write up a contract for your review and signature as well as give you a copy of our event planning worksheet. This is Step 1 in our commitment to a smoothly running event that everyone can be proud of. Beyond the worksheet, the details are hands off...for you.

Behind the scenes, we will coordinate with other vendors and build a typed schedule we call an "Advance." This Advance serves as the evening's schedule for all vendors associated with the progression of the event. We enjoy being the point of contact for scheduling and technical questions, and we look forward to coordinating these services for you. Please contact us to begin your production's journey together!
